

Data sheet: 260060

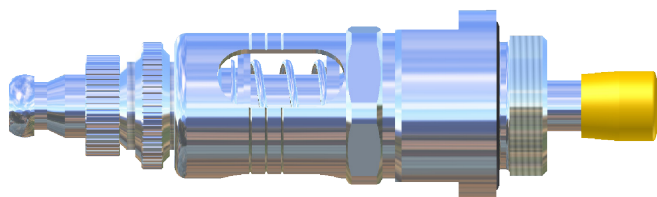

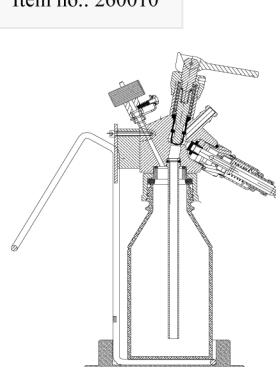

Item no. 260060

**Adjustable pressure relief
valve for Aseptic system.**

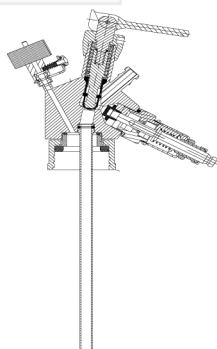

Aseptic system
Item no.: 260000

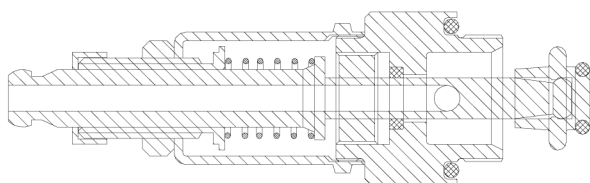

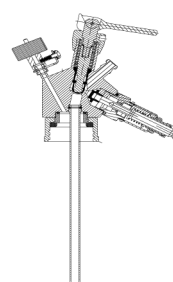

Aseptic system
Item no.: 260010

Aseptic system
Item no.: 260001

Aseptic system
Item no.: 260003

Where to use :

Keofitt Aseptic systems

Material:

Steel parts:

AISI 316L (1.4404)

O ring:

FDA approved EPDM

Membrane

FDA approved PTFE

Working temperature depends on choice of valve head.

Net weight:

0.18 kg./pc

0.71 lb

Working Pressure range:

0 - 3 bar(g)

0 - 43 psi(g)
